MONEY, BONDS AND STOCKS.

An Active and Strong Market in New York, Closing at the Best Prices of the Day. NEW YORK, Sept. 29 .- Money on call was easy, with all loans at 2 per cent., but closing offered at 3

Prime mercantile paper, 4% @7 per cent. Sterling exchange was dull and steady at \$4.8319

for sixty day bills, and \$4.8719 for demand. The total sales of stocks to-day were 259,929 shares, including the following: Canada Southern, 3,252; Delaware, Lackawanna & Western, 8,200; Erie, 13,875; Lake Shore, 11,110; Louisville & Nashville, 7,200; Missouri Pacific, 6,510; Northwestern, 4,925; Northern Pacific, preferred, 5,946; Oregon Transcontinental, 6,100; Pacific Mail, 6,960; Reading, 33,200; Richmond & West Point, 3.625; St. Paul, 4,800; Texas Pacific, 5,319; Union Pacific, 4,662; Western Union, 8,500.

The stock market was extremely active and deci-

dedly strong to-day, from opening to close, and again

everything on the list made material gains for the day. London had some selling orders in the market at the opening, and the first sales were made at irregular changes from the closing figures of last avening, though declines were in a majority and extended to 219 per cent. The temper of the room, however, was bullish, and the market became very strong immediately, and the opening prices on most of the list were the lowest of the day. Pacific Mail and New England developed marked activity and buoyancy, and with scarcely a set-back during the whole session advanced, gaining nearly 3 per cent. East Tennessee seconds preferred, Denver & Rio Grande preferred, and Louisville & Nashville all followed with marked among the & Eastern Illinois preferred. Chesaneake & Ohio, and Big Four were very prominent. Missouri Pacific and Reading joining the procession later in the day, but the movement extended to all parts of the list and ceased only with the close of business. Much of the buying in New England was attributed to Boston, but there was a large demand for the stock and it was easily the leader of the market. There was much realizing of profits on the advance, but the new buying was sufficient to absorb all the offerings, and still keep the list moving in the upward direction. The close was active and strong at the best prices of the day. The most marked advances were in New England, 23; C. C., C. & I., 114; Denver & Rio Grande preferred, and East Tennessee second pre-ferred, 118 each; Pacific Mail and Chicago & Eastern Illinois preferred, 1 per cent., and others smaller

The railroad bond market was again very active, and the share list was decidedly strong throughout the session. The Chesapeake & Ohio issues were the special features of the day by reason of their activity and strength, all making marked advances. The currency certificates contributed \$270,000 to the day's total of \$1.375,000. The only other specially active issue was St. Louis, Arkansas & Texas seconds, which furnished \$219,000. The remainder of the business was quite evenly distributed. The most important gains were the Chesapeake & Ohio, series B certificates, 37s, to 80: the fours, 33s, to 797st Delaware & Hudson extension sevens, 2, to 1.10, and the St. Lonis, Arkansas & Texas seconds. 23s. to 423s. Sales of bonds for the week were \$7,878,000 against only \$5,261,000 for the previous week.

Government bonds were dull and steady. State bonds were entirely neglected. CHICAGO; Sept. 29 .- The excitement in wheat was at fever heat during the entire day, and a more nervous and anxious feeling was seldom witnessed on the part of operators. To one man it was pretty much of a repetition of what happened the past few days. Trading was active, and the apparent determination to carry the squeeze in September through to the bitter end made operators apprehensive of what might occur in the more deferred deliveries, and there was a general desire to cover and close up their trades for the months of October and December. "Shorts" bought freely, and there was not much wheat for sale as compared with the inquiry. Orders came pouring in from all points to cover outstanding trades. The advance, in consequence, was very sharp. The opening was about \$4.01c above the closing figures of yesterday, but a decline of 178c followed for October, 118c for December, and 114c for May. There the decline was o'recked, and a steady advance set in, prices advancing 57se for October, 614s for December, and 214s for May. The market then dropped 114s, and the closing was 14s higher for October, 5s for December, and 278c for May than the closing figures of yesterday. September was irregular, in fact it was difficult to tell what the market was at times, though prices were advanced 10c above yesterday's outside figures, to \$1.60: this price was bid and \$2 bid later. Outside influences had no effect on the market. Corn was moderately active. and the feeling generally firm most of the session. Opening sales were a shade higher than the closing prices of yesterday; the mar-ket then ruled steady, became firmer and gradually advanced Sc. reacted 4c, and closed with October Sco 1gc; November, 3c, and May 14 2 3c higher than yesterday. The influences on the market were entirely local. Large local operators buying quite freely of November brought this future within 180 of October. Oats were dull. There was 18@14c decline for all deliveries up to May, but that future did not change materially. Mess pork was active, stronger and higher. October was bought freely by "shorts." A better business also transpired in the more deferred futures, especially in January, which was sold freely by a prominent operator who is largely interested in wheat. The market opened 2400c higher, advanced 25035c, receded slightly, but closed steady. Lard was in good demand for October, and the market was stronger and prices higher. Opened unsettled, advanced .20@.35c, receded .10@.15c, and closed steady. Short rib.ides met an urgent inquiry from "shorts."

INDIANAPOLIS MARKETS.

The Trade of the Week Highly Satisfactory -But Few Fluctuations in Values.

INDIANAPOLIS, Sept. 29. The volume of trade in the week closing to-day is said by the merchants to have been highly satisfactory. On several articles weaker prices have ruled, but the real breaks have been few. Dry goods men have been very busy and on all lines firm prices prevail, the reported weakness East on some lines of goods not affecting this market as yet. Grocers are doing an excellent business. Sugars and coffees are a shade easier than in the early part of the week, but unchanged in price in this market. The supply of sugars is still limited. Other staple groceries moving out freely at firm prices. Provisions are firmer than in the early part of the week and there is quite a movement in a jobbing way. The flour market is active and prices are steadily improving. The wool market drags; prices rule weak and the inquiry is lime ited. The produce markets are active; prices as a rule Apples, potatoes and butter are in good supply, but with an improving demand prices are firm. Receipts of poultry and eggs are not large for the seaeggs. Iron, hardware and tinners' supplies are steady and firm and a fairly active trade is reported in these departments. Leather dealers report trade brisk. Hide men say that trade is active enough, but prices rule so low that their margins are disappointing. The seed market rules steady with a good demand.

premiums," said a city guest "To tell the truth, there was some good things at the fair, but I've been tryin' to figure out how it was that 'Sim' Jobbin's beifer took a first prize and mine only took honorable mention. They was twin calves, and as near alike as two huckleberries."
